REVIEW OF SCIENCE OF SYNTHESIS ACS

- I'm not a fan on American lit! To be truthful, when I had to read it in college, I did the Cliff Notes, and even THAT was B-O-R-I-N-G!!!!. I have tried reading it twice and don't make it past the first two pages. The movie? NOT!!! Don't go by me, though. Some things have got to be read. My American Lit. professor loved it. To each his own.
- The book Lord of the Flies, written by William Golding is a

very well written book. The genre of the book is historical fiction. The setting of the book is on an uncharted island during the WorldWarII era. The book is mainly about a couple of schoolboys who crash-landed on an uncharted island that they are stranded on, without any adults. I think the theme of the book was to show that society cannot run correctly because of the natural, sinful nature of man. Some of the main characters are Piggy, Ralph, and Jack. Piggy and Ralph first meet when they wake up next to each other after the landing. Piggy is a chubby, little bossy kid, while Ralph on the other hand is a mellow and relaxed, cool kind of kid. They call together all of the kids

that are on the island including a boy named Jack. Jack is a stuck up kid who is a prefect at his school and is the captain of his choir class. While the short lived bond of Piggy and Ralph's friendship becomes weaker, Jack and Ralph, who are both leaders seem to get along very well. Piggy and Ralph were friends, but when a person like Jack shows up a more strong, leader-like and Ralph-like kid is up to be Ralph's friend, Ralph quickly ignores Piggy to become Jack's friend. But as Jack and Ralph's friendship grows the contest for leadership of the tribe of kids grows even more. Even though the kids already voted for

Ralph to be the chief, Jack is starting to show that he could be a better chief. I believe this because all Ralph has ever cared for is to keep the fire going, and keep the hope of being rescued alive. While Jack, a more ferocious boy, focuses on staying alive most of the time, and hunting for the hard to get meat. I think that this book is best recommended for older teenagers because most of the words in the book are very complex, and because of the violence that happens. The book, *Lord of the Flies*, is a very interesting book. Even though it has some very confusing words and hard to understand material, it should be given a try.
