REVIEW OF TRIAL BY FIRE ALI REYNOLDS 5 JA JANCE

- I can't help wonder what some of the descendents of sharecroppers would think about Mr. Carter's book. It is evident that Mr. Carter is a decent and sincere man, embarrassed by the treatment of the black and less fortunate community in his time. His family was perhaps more caring and conscientious in their treatment of their sharecroppers than other families, but the system to keep the sharecroppers "in their place" was evidently firmly ensconced in their society. It would be interesting to look at the story from the sharecropper's perspective. But the book is not intended to be from the sharecropper's perspective, and I am impressed by the candor and openness of our former President. I do not think the audio version is necessary to "hear" the story. The descriptions and tales of life in rural Georgia are portrayed with a remarkable reality. I could see it, feel it, and taste it-but that might have something to do with my memories as a child on a farm in southeastern Georgia. Although the descriptions are fascinating and the stories are interesting, I rate Mr. Carter's memoir with a 3. The descriptive style is sometimes tedious and boring, and the stories are from a limited perspective. While Mr. Carter honestly acknowledges his own humanity and is open about personal failings, the tone frequently is pious and condescending. Perhaps that is what a memoir is...and is the reason I prefer biographies to autobiographies.

- Whether at Naishapur or Babylon, Whether the Cup with sweet or bitter run, The Wine of Life keeps oozing drop by drop, The Leaves of Life keeps falling one by one.
