Remember, reviewing evaluations can help you make educated decisions regarding what to check out following and can expose you to new writers and categories you might not have considered previously.

## REVIEW OF MANUAL THERAPY JOURNAL IMPACT FACTOR DORNET

- The Giver is a one of a kind book. In this book there is a small town where everything goes right. Well that is not the case. Only few know that the town has many deep dark secrets. No one knows of these secrets. This book will make you think. In many cases it will be a surprise to you what you might find in this one of a kind book. But do not get the wrong idea this is a fantastic book.
- ...where everyone is taken care of. Infants are never neglected, are always well fed, and are always raised by parents who want them. Old people are never neglected, not just taken care of but entertained and comforted in every

way possible. People thrive in workplaces that they are well suited for, and no one is "better" than anyone else, all are healthy and thrive. Well, unless you don't "fit in"...This book really roped me in. It's easy to read and the characters make you want to root for them. It's hard to put down. I have just one complaint. WAY TOO EXPENSIVE. It should be a Kindle single. It only takes 3 hours or so to read in entirety. So then you download the second of the quartet (which is a whole different sort of reality, but characters are just as wonderful and the tale just as compelling) and that's

another \$7.51 or something. The last of the quartet is almost \$10 because it's new. All four of them together can easily be read in a week even for slower readers, and it costs about \$35.00. So I'm a little upset because I started 2 days ago with the first book and am 77% through the second already and really shouldn't spend so much money to finish the series, which I will surely do anyway within the next few days. I might suggest to others using Kindle that maybe they should wait until the whole quartet is available together at a reduced rate, because you will want the whole quartet anyway.
