**REVIEW OF PHYSICS WILSON BUFFA LOU 7TH EDITION ANSWERS**

- I first read this book in college, and I have purchased it again to read. I think the book speaks volumes about society that was slow to be tolerant of differences and finds it easy to pile on when someone is ostracized. I found many parallels to today's society, where many people still exist who like to judge first and ask questions later. You will look at today's world with new eyes after reading this story crafted many years ago by one of America's best ever writers. Jeffrey McAndrew author of "Our Brown-Eyed Boy"
- Still reading, I got too many books at one time :) It's fantastic and free! Perfect for me! Thank you!
