## **REVIEW OF HAYNES REPAIR MANUAL HONDA PILOT**

- The thing about Breakfast of champions is that it brings such clarity. With other books you think about conflicting things and with this one everything is set in stone through simplistic illustrations. This book is the ultimate map of wherever you are, especially on the road since a third of the book is Kilgore trout going to Midland city. This book also deals with insanity and bad ideas. This book is for anyone who is sick of what they've been told and wants ot hear something new. It's all the garbage that plugs up the mind but it's been turned into humor that makes you feel every emotion at some point in the story.
- This is a comedy classic. Quick read that you'll read again, because it is so funny. Vonnegut the "Creator" makes light of everything and everybody.
