REVIEW OF APPLICATION OF SUPER ABSORBENT POLYMER IN FLOOD MANAGEMENT

• I wasn't a big fan of this book. it didn't keep my attention very well. the entire book i was a little dazed. This book was a short novel about a man who was basically two men. First it starts out you hearing about a strange man who nobody had a good feeling about. People had heard bad things about this man and some had eye witnessing experiences with this man his name was Mr Hyde. Mr Hyde was always seen going into Dr. Jekyll's house and no one new why one day Detective Utterson decided to investigate for he was a very good friend of Dr Jekyll. Dr. Jekyll was a very rich man he lived in a very big house with cooks and servants. One day Detective Utterson decided to go and question Dr. Jekyll. The real reason he went to talk to Dr. Jekyll was about this will it gave everything he owned to Mr. Hyde. Detective Utterson wanted to know why he was a good friend of Dr. Jekyll's and had never met only heard of this Mr. Hyde. When Detective Utterson spoke to Dr. Jekyll he assured him everything was alright and that he wanted Mr. Hyde to get everything. when Detective Utterson pushed more to know what was going on and why he was doing this Dr. Jekyll became angry and didn't want to talk about it any more and invited Detective Utterson to leave his house. Detective Utterson did to later find out that late that night Mr. Hyde killed a man. As soon as he found out what had happened he went to talk to Dr. Jekyll. Dr. Jekyll sad Detective Utterson and assured him that he had no more contact with Mr. Hyde. Detective Utterson accepted that and he left. Later Detective Utterson said that he saw a difference in Dr. Jekyll he was a happier better person. a few months later he had announced that he was going to die and that he didn't want any visitors to see him in such a state of life. Detective Utterson decided that that was not an excuse so Detective Utterson went over to see Dr. Jekyll. When he got there he was denied and nobody would let him see Dr. Jekyll. When he was just about to leave Dr. Jekyll pulled him aside and he said that is not my

Master Dr. Jekyll that man is who i believe to be Mr. Hyde. Detective Utterson did some investigating and found the man to indeed be Mr. Hyde now there only problem was that they needed to catch him. they did and to there horror they discovered it to be DR. Jekyll and Mr. Hyde for indeed they were the same man. As the real Dr. Jekyll was explaining this he said he had made a concoction that made men turn into a new man. Dr Jekyll went on to explain how it happened. again i say that i did not enjoy this book and personally do not know how it came to be a classic.

- A wonderfully crafted masterpiece, Dr. Jekyll and Mr. Hyde is one of the must-reads of all time. This beautiful piece of literature appeals to many different senses and emotions. It is inspiring to see a plot so innovative and novel in the way the story presents itself. This story is just absolutely amazing. Written like an investigative report, Robert Louis Stevenson slow guides the reader through the story. The story progresses, not too slow and not too fast, but just enough to get the story moving and not lose the reader's interest. The story tells of how a Dr. Jekyll is able to

separate the evil in him into an entirely different form- Mr. Hyde. I love how the reader is always anticipating what happens next as the reader is fed clues throughout the story, but the answer remains dangling and untouched- tempting readers to continue and read. The story is well-constructed in that readers can also see into the view of other characters and not just Mr. Utterson himself. Stevenson's portrayal of the good and bad side of man is wonderful. I have never seen a book where the author portrays the evil in a person by an entirely different character. The different transformations and continual action scenes in the book kept me on my toes. The mood and atmosphere is set by Stevenson's vivid description of the environment. Because Stevenson's style is not complex for his sentences are really direct and straightforward, it was not burdensome to read the book. I guarantee if you read this book, you will not be disappointed. It is a light and easy read, which you can probably finish in no time at all because Stevenson's writing makes you glued to the book- always anticipating the next action. Dr. Jekyll and Mr. Hyde is an absolute must-read.
