The Papa Bear: A Memoir Routledge

★★★★★ "If you're missing travel and love a good thriller, READ THIS SERIES!" When Jamie's colleague and former lover goes missing, the police start to ask questions. After traces of blood are discovered in his car, the net closes in. Sure, a body's not been found, but there's plenty of evidence to land Jamie behind bars. Back from Kathmandu and working together to find missing people, Leo and Allissa take the case. All they have to do is find a woman who's supposed to be dead to free a man charged with murder. But, when the investigation leads to the backstreets and building sites of Hong Kong, things get more difficult than either had imagined. As predator becomes prey and lives become expendable, Leo and Allissa must face one of the city's most dangerous men as well as ghosts from their own past. With a man's freedom hanging in the balance and their relationship under strain, can they find what they're looking for before it's too late? HONG KONG is Luke Richardson's second international thriller. If you like fast-paced mysteries, then you'll love this compulsive sequel. Praise for Hong Kong: ★★★★★ "Exceptional

piece of work." ★★★★★ "What a fabulous follow up!" ★★★★★ "Another fantastic book from Luke Richardson, it's had me gripped from page one." ★★★★★ "An excellent and original story which will stay with you."

Addiction to illicit drugs is a pressing social concern across

greater China, where there are likely several million drug addicts at present. This research breaks new ground by examining Chinese people's stories of drug addiction. *Chinese Stories of Drug Addiction* systematically evaluates how drug addiction is represented and constructed in a series of contemporary life stories and filmic stories from mainland China, Taiwan and Hong Kong. These stories recount experiences leading up to and during drug addiction, as well as experiences during drug rehabilitation and recovery. Through analysis of these contemporary life stories and filmic stories, the book presents a comprehensive picture of how Chinese people from both inside the experience of drug addiction and outside of it make sense of a social practice that is deemed to be highly transgressive in Chinese culture. It employs a blended discourse analytic and narrative analytic approach to show how salient cultural, political and institutional discourses shape these Chinese stories and experiences. Complementing existing humanities research which documents the historical narrative of drug addiction in China at the expense of the contemporary narrative, the book also provides health and allied professionals with a rich insight into how Chinese people from different geographical locations and walks of life make sense of the experience of drug addiction. Moving beyond historical narrative to examine contemporary stories, *Chinese Stories of Drug Addiction* offers a valuable contribution to the fields of Chinese studies and personal health and wellbeing, as well as being of practical use to health professionals.

HONG KONG, 1950. Now the war is over, Dr Rowena Rossiter is

ready to plan a new life with her great love, Connor O'Connor. But before they can, bad news arrives. A female doctor is urgently needed in Seoul and the powers that be want Rowena to go. She refuses – until rumours begin to swirl about the sinister, beautiful man who held her captive during the war. They say he may still be alive and looking for her. By comparison, Korea on the brink of war seems safer, but will Rowena ever truly be able to escape the shadows of her violent past? A brilliantly exotic saga set in post-war Hong Kong and Korea, where Dr Rowena Rossiter longs to follow her heart, and her love, but the shadows of a violent past threaten to engulf her. What readers are saying about Jean Moran: 'Well written, the writing is so beautifully descriptive and evocative – I was totally immersed' 'A a mesmerizing read' 'I would recommend her books to anyone and everyone'

An economic and military superpower with 20 percent of the world's population, China has the wherewithal to transform the international system. Xi Jinping's bold calls for China to "lead in the reform of the global governance system" suggest that he has just such an ambition. But how does he plan to realize it? And what does it mean for the rest of the world? In this compelling book, Elizabeth Economy reveals China's ambitious new strategy to reclaim the country's past glory and reshape the geostrategic landscape in dramatic new ways. Xi's vision is one of Chinese centrality on the global stage, in which the mainland has realized its sovereignty claims over Hong Kong, Taiwan, and the South China Sea, deepened its global political, economic, and security

reach through its grand-scale Belt and Road Initiative, and used its leadership in the United Nations and other institutions to align international norms and values, particularly around human rights, with those of China. It is a world radically different from that of today. The international community needs to understand and respond to the great risks, as well as the potential opportunities, of a world rebuilt by China.

The early years of the history of Chinese film have lately been the subject of resurgent interest and a growing body of scholarship has come to recognise and identify an extraordinarily diverse and complex period. This volume explores the development of Chinese film from 1896 to 1949. The volume covers the screening of foreign films in Shanghai, Hong Kong and other coastal cities in China, the technological and industrial development of Chinese national cinema, key filmmakers and actors of early Chinese cinema, changing modes of representation and narration, as well as the social and cultural contexts within which early Chinese films were produced and circulated. The relationship between the War of Resistance against Japan and the Chinese civil war and Chinese film is also explored. The book will be essential reading for scholars and students in film studies, Chinese studies, cultural studies and media studies, helping readers develop a

comprehensive understanding of Chinese film.

Born in 1922 in a poor section of Jersey City, New Jersey, to parents with only third grade educations, this is the life story of Gus Prinsell. In this autobiography, Gus starts by reflecting on his humble beginnings -- his earliest childhood memories are of poverty wrought by the Great Depression. His father was unemployed for a decade. Gus's parents never wavered in insisting that their children pursue an education. World War II started as he was entering his 20s, and he served his country in the US Navy. After becoming a "born again" Christian in the early 1940s and marrying Louise Bininger, he finished college and earned his medical doctor degree from Columbia University in 1952. From there, Gus went on to study surgery and tropical medicine. He then turned away from material gains and dedicated his life to medical missions in West Africa, where he moved with Louise and their four sons and opened the new Kamakwie Wesleyan Hospital in 1959. In 1964, Gus returned to the States where he served as a family physician in Western New

York until his retirement. Gus still lives in Houghton, New York, with his wife of over 70 years, Louise. At the ages of 94 and 91, Gus and Louise now have seven grandchildren and two great grandchildren. Gus takes us through his life's journey in his own words. Not only does he tell the story of his own life, but he effectively weaves in the stories of many of his family and friends. His trust in the Lord through faith has led Gus through his life of achievement. When asked to describe himself in one phrase, he defines himself as "a Christian missionary physician and humanitarian." His life of dedication to God and mankind is an example for us all.

There's never been a greater likelihood a company and its key people will become embroiled in a cross-border investigation. But emerging unscarred is a challenge. Local laws and procedures on corporate offences differ extensively - and can be contradictory. To extricate oneself with minimal cost requires a nuanced ability to blend understanding of the local law with the wider dimension and, in particular, to understand where the different countries showing an interest will differ in approach, expectations or conclusions. Against this backdrop, GIR has published the second edition of *The Practitioner's Guide to Global Investigation*. The book is divided into two parts with chapters written exclusively by leading names in the field. Using US and UK practice and procedure, Part I tracks the development of a serious allegation (whether originating inside or outside a company) - looking at the key risks that arise and the challenges it poses, along with the opportunities for its resolution. It offers expert insight into fact-

gathering (including document preservation and collection, witness interviews); structuring the investigation (the complexities of cross-border privilege issues); and strategising effectively to resolve cross-border probes and manage corporate reputation. Part II features detailed comparable surveys of the relevant law and practice in jurisdictions that build on many of the vital issues pinpointed in Part I.

Summer of the Three Pagodas Hong Kong

Amid the global financial turbulence, the Mutual Market Access (MMA) programme, comprising the Shanghai Connect, the Shenzhen Connect and the Bond Connect, has solidified Hong Kong's status as a unique financial hub connecting the East and the West and, in this process, has explored a new path for the opening-up of China's capital market. In the face of economic structural changes across the globe, Hong Kong seeks to look into innovations in financing the new economy, and has built up experiences for reference in the Asian time zone. Hong Kong is gradually establishing a new ecosystem around new-economy enterprises and has made them new targets of investment for

both Mainland and overseas investors trading under MMA. This book is the first bilingual title in the market that explains in detail the MMA model between Hong Kong and Mainland China and innovations in new-economy financing, in which experts and research teams who are experienced in these areas discuss in-depth on the key functional drivers of innovations in Hong Kong and the Mainland, including the "MMA", "new-economy financing" and "global asset allocation". Elaborating the unique concepts of the MMA model and summarising what HKEX has learned in its reforms in new-economy financing, this book shall come in handy for market participants to make better use of the MMA model and benefit from the latest reforms of Hong Kong's listing regime. 內容目錄

Working for the Ministry of Peculiar Occurrences, one sees innumerable technological wonders. But even veteran agents Braun and Books are unprepared for what the electrifying future holds in the third novel in the steampunk adventure series. After being ignominiously shipped out of England following their participation in the Janus affair, Braun and Books are ready to prove their worth as agents. But what starts as a simple mission in the States—intended to keep them out of trouble—suddenly turns into a scandalous and convoluted case that has connections

reaching as far as Her Majesty the Queen. Even with the help of two American agents from the Office of the Supernatural and the Metaphysical, Braun and Books have their work cut out for them as their chief suspect in a rash of nautical and aerial disasters is none other than Thomas Edison. Between the fantastic electric machines of Edison, the eccentricities of MoPO consultant Nikola Tesla, and the mysterious machinations of a new threat known only as the Maestro, they may find themselves in far worse danger than they ever have been in before...

Follow Edward Stokes on this unforgettable journey across Hong Kong's natural landscape, and learn along the way the story of Hong Kong's environment. By way of photographs and lively narrative the author takes us through Hong Kong's wild placestowering peaks, grassy hills, wooded valleys, and coastal waters - revealing the surprisingly varied life that survives among them. This book documents the dramatic changes to Hong Kong's hills, valleys, and coasts, from their natural origins millions of years ago to the effects of widespread development in the 1990s. The author brings to light the unrelenting natural and man-made challenges to Hong Kong's environment - climatic conditions, population pressure, industrialization, and pollution. He celebrates the present beauty and grandeur of the remaining wild places, and highlights the recent damage wrought by man.

REVIEW OF HONG KONG DAWN OF A NEW DYNASTY

- If you haven't read the Hobbit, you haven't read anything yet. A classic you just can't pass up. **READ THIS BOOK!**
- The story of , "The Hobbit" by J.R.R. Tolkien, has taken on a life of its own. From its first publication in the late 1930's as an obscure children's tale written by a little known professor of Anglo-Saxon history that, as the story goes, has grown greatly in its telling. This pop culture fad of the 60's and 70`s has morphed

into the basis of the blockbuster LOTR films by Peter Jackson and its own films in the near future, (sure to also be blockbusters). Professors Tolkien's Hobbits, Elves and Dwarves have become a fixture and icon of Western Culture. I find it fascinating that he, (Tolkien) remarked to a friend, in 1937 that, "I don't much approve of, "The Hobbit", myself....". I think it's possible that he changed his mind as the years went on.I went go into reviewing the story that so many already know by heart and that others have spoken of at nausea, other than to say that it is a great book for both children and adult's, nuff said.I will however, say a bit about this Edition. I have been lusting after this Edition of, "The Hobbit", ever since I was sale's clerk at a Walden's in the early 1970's. I think that even then it cost around \$20. For those of you who can't recall any President prior to a Bush or Clinton, let me tell you, when you're 16 years old and making just under \$2 an hour, that was a sum that only old Smaug himself could afford!This edition is beautifully bound and printed. The illustrations and drawings could be considered a bit unspectacular by today's, "razzal-dazzle", standards but, they are none the less very enchanting in their own right and done by the author, I think that counts for something.The hard cover box/sleeve that the work comes in both protects the volume and does nothing that detracts from its beauty. If you ever have an evening to spare, translate the ruins that encompass the book, it's a bit of an inside joke.This is a work of heirloom quality. I am greatly looking forward to reading this beautiful edition to the prolific number of grandchildren that our children have produced and seem to drop off with greater regularity, :).All and all this work and this edition come very highly recommended.Spence the
