REVIEW OF PROCESS ASSESSMENT AND ISO IEC

15504 A REFERENCE BOOK 2ND EDITION

- Riveting. This is author Jay Hatheway's story of the nation's first gay Green Beret court martial. Compelling. It happens to be a first person account, as defendent Hatheway, who survived those dark days, remembers the events surrounding the tragic injustice. Transcripts from the actual trial add immediacy to the "you are there" narration. There is an inclination to think of Jack Nicholson's despicable character in A Few Good Men, but Guilty As Charged is especially vile in that it lays bare the military's bent for public degradation and humiliation of a gay man -- by innuendo and inference. Hatheway's chilling story just quite possibly could have been our own. The telling is painfully detailed. Hatheway never denies to the reader that he has engaged in homosexual activities; the focus here is on the trumped up charges brought against him two decades before the Clinton compromise of "Don't Ask, Don't Tell." In the military, fraternizing with subordinates is one matter of concern; sex between men -- actual or presumed -- is tantamount to treason. Now it's Hatheway's turn, and he takes us from the cool marble of boyhood infatuation to the companionship of flesh without fatigues that also defines "Special" Forces. Except for names and places, his story could be mine -- or yours.-- Stonewall News Northwest

- I love the set! I'm a grad student in Physics and these are a great reference to have.
