With these tips, you can locate the right Oxford Bookworms Library Stage 3 Future Energy book recaps for your interests and choices. Pleased analysis!

REVIEW OF OXFORD BOOKWORMS LIBRARY STAGE 3 FUTURE ENERGY

• Do not buy this book! I repeat, do not buy this book! I just took the GRE yesterday, and I did score good on the Math and Analytical sections, but when it came to the Verbal, FORGET IT! How can one person score in the 600's in two sections, then turn around get a 350 on the verbal. I studied for around 2 months, and safe to say I was very disappointed in my scores. I feel I am starting all over again, since I am going to buy a different book this time (GRE for dummies sounds very promising). Also there were so many typos, that I couldn't believe that this book was not better profread. No offense, but this an extremely important test, decides whether or not you even go to Grad School, so you would figure being so "Helpful," they would at least have the decency to make sure all information was correct! So I am disappointed, and don't have \$100 dollars to waste on a test I have to take again, and hopefully the next time I am giving a review, I can give a positive review!

• Halloween is a very informative book. Not only does it go through some of the more widely practiced rituals today, it also goes through some of the

history of the holiday, as well as mentioning several legends. For the modern wicca practitioner, it is sure that this book will help to prepare for Samhain, the new year.
