### **REVIEW OF THE WORLD OF MYTH AN ANTHOLOGY DAVID A LEEMING**

• I don't know about you, but it looks to me that the National Book Haters' Club\* got on here and decided to put on a bunch of nasty reviews for Christopher Paolini's book(s). I, for one, really love the Inheritance Cycle, especially the first: Eragon. Think about it. Most every type of plot has been written, so what can a writer do? Simple, take the most popular plots and mix them together: Star Wars + Lord of the Rings = The Inheritance Cycle! Of course, Paolini is still a good writer even if he hadn't done that. He adds plenty of original ideas and exciting plot twists. The descriptions are very vivid. You can see every detail clearly in your mind's eye. The characters are very well developed with real emotions and actions. The books are long, yes, but worth every minute of it. I would

recommend this book (and the rest of the series too) to anyone who loves a good read full of mystery, humour, plenty of heart-racing moments, and all around jolly-good fun.\*This club probably does not exist, but if it does, this reviewer meant no offence.

• Eragon is one of the best fantasy books I've ever read so far. It has all of the qualities of a fantasy book I look for. Compared to Harry Potter it has a great story line with a quick learning character. It has battles, magic, dragons, and monstrous creatures. Christopher Paolini is one of the best authors I've heard of, because he uses great imagery, awesome descriptions, and he keeps you intrigued through the whole book. I recommend this book to any fantasy lover adult, teen, or child. I do understand that this is one of the best accomplishments among someone of young age. So if you love fantasy or you just want a classic in motion take up Eragon.
