REVIEW OF LAND ROVER SERIES 3 S

- Love this book. I used it in my class and learned a lot from it. I used it again for my culinary classes.
- This book is really different from Bramley's first except in his courage to talk about evidence that many people won't. It is an exhaustive encyclopedia of Jesus Theories that I enjoyed on many levels, and it was far more comprehensive than I expected. Bramley presents all of the theories, not just the ones he believes in, and he has insights about Jesus that I've never read before. Some of the theories can be shocking, but Bramley takes the time to document everything. I think that the title and packaging of this book does it a disservice. Although the title is clever with a nice cover, this is a serious book with university-level scholarship. It's the kind of book you expect to find in libraries and assigned to college students. I give it two thumbs way up.
