REVIEW OF STRATEGIC MANAGEMENT 5TH EDITION DESS LUMPKIN EISNER

- I read this book when I was in junior high and again as an adult. I love Lois Duncan, and this book does not disappoint! Peggy provides a unique view into the life of Peggy Shippen, wife of Benedict Arnold (famous for his treachery against the U.S. in the American Revolution). Not only is this a fascinating story, but the reader learns much about the history behind the characters as well. Peggy is a wonderful companion to Finishing Becca by Ann Rinaldi.
- While Cather's novel does live up to the reviews posted here, I must complain about this edition. Not only are there frequent OCR problems--Santa F', for example, instead of Santa Fé--but there's one six page section which is simply printed twice. I hope that it's just my copy that's bad, as Cather is an important enough author that her work deserves to be printed in good editions!
