## **REVIEW OF PROBLEM SET 7 STEREOCHEMISTRY ANSWER KEY CHEMISTRY 260**

- a wonderful book by the worlds great author, and very insightful on his travels and people he met along his journey, and such a great dog to go along with.
- I bought this from Canada. I was naive

enough to think the contents applied here. But it deals with US laws and real estate only. Therefore it should not have been made available to non US citizens, OR should have been labelled as "For US market only" or words to that effect. Very likely to be fine if you are a US citizen though. But if you're not American, beware! With transportation, that's over \$40 wasted.
