Shadows of Pomegranate Tree
 Shadows of the Pomegranate Tree is set in Granada after the Re-Conquest by Ferdinand and Isabella. The Moors are defeated but not out. When Granada surrendered without a fight, the last Moorish bastion to fall to Ferdinand and Isabella, the Moors living there were promised the freedom to practice Islam, speak in Arabic and live as they had always done for generations.

REVIEW OF SHADOWS OF THE POMEGRANATE TREE ENELOOPORE

- I cannot praise this book highly enough! It is particularly good to see when you consider the amount of mediocre books that are now coming out on Cisco technology. This book goes well beyond Cisco, teaching you alot about each of the different LAN and WAN protocols on modern networks. There is a chapter on OSPF and BGP which is almost a book in itself. All of the chapters are of an extremely high caliber. They are packed with practical tips and networking scenarios. I hope Cormac Long does not wait too long before bringing us the next edition!
- I had a very hard time trying to get into this book and soon gave up. I definitely do not recommend it.
