Unconventions is a quirky and provocative miscellany that reveals Michael Martone's protean interests as a writer and a writing teacher. Martone has, shall we say, a problem with authority. His chief pleasure in knowing the rules of his vocation comes from trying out new ways to bend, blend, or otherwise defy them. The pieces gathered in *Unconventions* are drawn from a long career spent loosening the creative strictures on writing. Including articles, public addresses, essays, interviews, and even a eulogy, these writings vary greatly in form but are unified in addressing the many technical and artistic issues that face all writers, particularly those interested in experimental and nontraditional modes and forms. Martone's approach has always been to synthesize, to understand and use any technique, formula, or style available. "I find myself, then," he writes, "self-identifying as a formalist, both and neither an experimenter and/or a traditionalist." In "I Love a Parade: An Afterword," Martone writes about not fitting in--and loving it--as he recalls the time he marched alone in a local Labor Day parade, as a one-person delegation from the National Writers Union. Elsewhere, in writings formally, stylistically, purposely at odds with themselves, Martone's expansive curiosity is on full display. We learn about camouflage techniques, how a baby acquires language, how to "read" a WPA-era post office mural, and why Martone sold his stock in the *New Yorker* and reinvested his money in the company that makes Etch A Sketch®. *Unconventions*, then, is Martone's "Frankensteinian monster," a kind of unruly, hybrid spawn of the mainstream writing enterprise. "Writing seems to me an intrinsic pleasure, an end in itself first," says Martone. "The question for me is not whether my writing, or any piece of writing, is good or bad but what the writing is and what it is doing and how finally it is used or can be used by others."

Janet Burroway followed in the footsteps of Sylvia Plath. Like Plath, she was an early *Mademoiselle* guest editor in New York, an Ivy League and Cambridge student, an aspiring poet-playwright-novelist in the period before feminism existed, a woman who struggled with her generation's conflicting demands of work and love. Unlike Plath, Janet Burroway survived. In sixteen essays of wit, rage, and reconciliation, *Embalming Mom* chronicles loss and renaissance in a life that reaches from Florida to Arizona across to England and home again. Burroway brilliantly weaves her way through the dangers of daily life—divorcing her first husband, raising two boys, establishing a new life, scattering her mother's ashes and sorting the meager possessions of her father. Each new danger and challenge highlight the tenacious will of the body and spirit to heal. "Ordinary life is more dangerous than war because nobody survives," Burroway contemplates in the essay "Danger and Domesticity," yet each of her meditations reminds us that it's our daily rituals and trials that truly keep us alive.

Beginning with "The Writer's Wonderland—Or: A Warning" and ending with "You've Published a Book—Now What?" *The Creative Writer's Survival Guide* is a must-read for creative-writing students and teachers, conference participants, and aspiring writers of every stamp. Directed primarily at fiction writers but suitable for writers of all genres, John McNally's guide is a comprehensive, take-no-prisoners blunt, highly idiosyncratic, and delightfully subjective take on the writing life. McNally has earned the right to dispense advice on this subject. He has published three novels, two collections of short fiction, and hundreds of individual stories and essays. He has edited six anthologies and worked with editors at university presses, commercial houses, and small presses. He has earned three degrees, including an MFA from the Iowa Writers' Workshop, and taught writing to thousands of students at nine different universities. But he has received far more rejections than acceptances, has endured years of underpaid adjunct work, and is presently hard at work on a novel for which he has no guarantee of publication. In other words, he's been at the writing game long enough to rack up plenty of the highs and lows that translate into an invaluable guide for anyone who wants to become a writer or anyone who is already a writer but doesn't know how to take the next step toward the writing life. In the sections *The Decision to Become a Writer*, *Education and the Writer*, *Getting Published*, *Publicity*, *Employment for Writers*, and *The Writer's Life*, McNally wrestles with writing degrees and graduate programs, the nuts and bolts of agents and query letters and critics, book signings and other ways to promote your book, alcohol and other home remedies, and jobs for writers from adjunct to tenure-track. Chapters such as "What Have You Ever Done That's Worth Writing About?" "Can Writing Be Taught?" "Rejection: Putting It in Perspective," "Writing as a Competitive Sport," "Seven Types of MLA Interview Committees," "Money and the Writer," and the all-important "Talking about Writing vs. Writing" cover a vast range of writerly

topics from learning your craft to making a living at it. McNally acts as the writer's friendly drill sergeant, relentlessly honest but bracingly cheerful as he issues his curmudgeonly marching orders. Alternately cranky and philosophical, full of to-the-point anecdotes and honest advice instead of wonkish facts and figures, *The Creative Writer's Survival Guide* is a snarky, truthful, and immensely helpful map to being a writer in today's complex world.

It guides them through the writing and re-writing of "Five (Not So Easy) Pieces"--five short screenplays of increasing length and complexity--focusing on a specific principle of dramatic technique: The Discovery, The Decision, The Boxing Match, The Improbable Connection, and The Long Short Screenplay.
