REVIEW OF CLAAS JAGUAR 25

- I understand that this is a Memoir but at points it was pretty sexually graphic. I could not allow my kids to read this book. I found it to be a really sad story. It is amazing to me what people are forced to live through and if you want to read a true to life story, it is well written.

- Great book. Reading this reminds me how much we've lost the art of language. If you've ever felt that something was off with Christianity you owe it to yourself to read this book. Paine methodically points out the inconsistencies he sees in an ancient religion that seems more like mythology. I highly recommend this book.
