REVIEW OF COMMUNICATION MERIT BADGE PAMPHLET BE4REAL

- This book is great. I just happened upon the film version of this book a couple months ago and liked it enough to give the book a try. It was my first Du Maurier and I loved it. Since then I have read Rebecca, Jamaica Inn, and Frenchman's Creek. My Cousin Rachel is definitely the best of the bunch, with Rebecca at second. THE other two are very enjoyable but a little far-fetched. Before I read this book I had no idea what Du Maurier was like, I just assumed she was some trashy twentieth century writer like Agatha Christie (sorry AC fans). I would put "Rachel" on par with Thomas Hardy's work- its that good. It could be called a gothic novel, though it is more modern in approach. Overall somewhat similar to Jane Eyre or Tess of the D'Urbervilles. This book is a bit slower than her other works, but much more believable, in depth, and serious. It is a frustrating mystery at the end, was Rachel good or bad? I like to tell myself that Du Maurier herself never decided, never "knew", and that is why it is so ambiguous.

- This book is little more than glorified toilet paper. Go buy some Charmin . . . it's softer, the words on the package are more interesting, and it won't burn your a** when you realize you've wasted your money. I'm serious. This book is about aliens that live in your ... and look like red gold, legless weasles. Laugh, it's ok! ... I did! This story has to be a joke. If it is, Mr. King, I salute you for your humor. If you seriously thought this was a powerful work of literature or even a slightly entertaining read, you're a butt weasle.
