## **REVIEW OF EDUCATIONAL PSYCHOLOGY WINDOWS ON CLASSROOMS 9TH EDITION**

- I love books about a dysopian society, and this may be one of my favorite books next to Hunger Games. This book is thought provoking and shows what can go wrong when a Society strives to make everything the same, without any hurt, loss, and tries to protect a human being from everything including the good and the bad experiences in life. I truly LOVE this book. It's not long, but the words the author uses are so powerful and commanding. I would recommend this to everyone, especially those who love books about the future. It shows the importance of giving people the freedom to make their own choices,

even if those choices sometimes cause pain or maybe the wrong choices. At least they have freedom.

- I was unsure I would like this book when I 1st got it. Because I am not really a big fan of "classics" but, this book is a Utopian, for Young Adult readers. It met all my expectations. I loved this book. I really likes Jonas. His determination, drive, his heart. He had courage, even though he wasn't given that memory from The Giver. He, had courage I could never imagine. My heart broke when he found out what the release was. It was at that time, when his father said that Gabe would be released that I knew in my

heart, that Jonas would not let that happen to that sweet baby, with the light eyes! I had hope for Jonas. This book is full of hope. It makes you cherish your own memories. Because the life that Jonas lived in, only sameness was filled in it. No love, No hope, everything was the .. same. In the end, Jonas has love, and he doesn't have to worry about hiding it anymore. For I believe that he will be ok, safe, happy and loved! He will love. He loves Gabe. This novel was a win for me. Please if you haven't read it. Read it. It is a fast read too. So if you have a read a thon coming up, add The Giver to your list. Add it to you TBR list anyways!
