REVIEW OF IPOD CLASSIC USER GUIDE 80GB

• I hated this book when I had to read it for school, but it did help me understand when my best friend's parents wouldn't allow me in their house because I wasn't Jewish. I was only allowed in the garage, and my best friend had to fight to allow that much access. I can't imagine what it was like for blacks...segregation sucks.

• I recently ordered this book for my daughter; it was on her summer reading list. We are new to the area and I needed this book quickly. I placed my order and received it before the expected date of delivery :) My daughter has finished the book and loved it. I will read it and get back to you on the actual book.
