REVIEW OF IPOD CLASSIC USER GUIDE 80GB

- I just wanted to say that I had not intended to enjoy this series. I had been turned onto the series from an acquaintance, and as I had enjoyed the Hornblower novels, I thought I'd give the first novel, Master and Commander a try. That one was slow going at first, but it kept getting better the further into it I read. Finally, I couldn't put it down for the last one-third of it. And I enjoyed Post Captain even more. O'Brien's humor seems to hit me just the right way. I'm waiting a bit before purchasing the next in the series, as they are more expensive than most of the kindle books I read.

- If you want to read the best Napoleonic War at sea series, start with O'Brian's 2nd book. As charming as it is moving. Here is early 19th century England with all it's mores and written in a venacular rare among authors. But this is O'Brian at his best.
