So what are you waiting on? Beginning your Project Profile On Spinning Mill Apitco downloading and install trip today and experience all the benefits and convenience that the digital globe of publications has to supply!

REVIEW OF PROJECT PROFILE ON SPINNING MILL APITCO

- better than the normal vampire game, this book gives the characters a new world and a goal to work for. it combines the best aspect of other great white wolf

games.

- This six picture jigsaw world atlas was a Christmas gift for our five-year-old. One of the reviews states that the puzzle would be better if the jigsaw pieces were in the shape of the countries, but even most adults would find it extremely challenging to locate the 190+ countries of the world. We need to remember that the puzzle is geared for four to eight-year-olds. Although this atlas is designed for the little ones, there are few adults that will be unable to take something from this book. There are many colorful pictures to look at and discuss in addition to locating the countries. Unfortunately there are several smaller countries missing from the atlas. I am guessing Usborne Publishing feels it does matter since most people do not

know about little nations such as Andorra, Maldives, Trinidad and Tobago, and Sao Tome and Principe. As a former geography teacher, I find it rather disappointing. A slight criticism of the book that some have had is that the puzzle pieces can be a little challenging

to put in place. However, I would much rather have this challenge as opposed to pieces that are falling out of the book. My daughter really likes the book and will learn a great deal from it. I look forward to putting together South America with her tomorrow.
