REVIEW OF CHAPTER 9 ASSESSMENT CHEMISTRY ANSWERS

- Thornton Wilder won the first of three Pulitzer Prizes with this lyrically written tale of five people who fall, with a broken rope bridge, into a chasm in 1700's Peru. The language is beautiful, and Waterston brings to the reading of it a surprising, effortless range of voices, from an aging, tentative prima donna to a gruff sea captain to a rich, spoiled contessa. But it's Wilder's ideas, his musings on the butterfly-wing-fragility of life, which make this

book a classic. The last couple of pages are as gentle, timeless and moving as anything ever put on paper (thus the title of my review above).

- I have not read much philosophy in life, but what I haven't studied or marked, is made up for in *The Bridge of San Luis Rey*. Like many readers, I was more acquainted with Thornton Wilder's plays, i.e. *The Matchmaker* and *Our Town*, etc... This novel is equally good as his plays. The core question that the book asks is

why? Why did the bridge collapse with the specific five people on it? Were their lives conducted in a fashion that warranted death? Or, was death a blessing? Were these five people being rewarded and their souls/spirits being elevated to a godly netherworld? There are so many questions that can be posed as a result of this remarkable novel/novella. It is true that the prose is difficult to read, but if the reader takes his/her time, it is a book that is definitely worth reading and rereading.
