## REVIEW OF MEETING MINUTES TEMPLATE WORD DOCUMENT

- I often times have trouble thinking of gifts for my three grown children for Christmas. I ordered each of them Life's, "One Nation" and paged through it after it arrived. Not only is it beautifully put together, but it served as a reminder of the horrifying, heinous crime committed on all of the innocent people at the WTC and the Pentagon. If you ever questioned, for one second, our countries mission to find those cold hearted, controlling, crazy bastards, the book WILL remind you of the rage you felt the day it happened..guaranteed.

- I have been teaching Reiki for many years using different books, finally there is a book that is clear and has all the correct information in a format a beginner can understand. This book explains the Reiki story so clearly without disclaiming the original story that appears in most other Reiki books. The pictures of the hand placements are wonderful and I like the additional placements also. I believe the stories throughout the book add a special dimension showing the flexibility and depth that Reiki can be used. This book has taken the number one position in my Reiki library. Thank you, thank you, thank you!
