The International Student's Guide to Writing a Research Paper is a reference text for undergraduate students and those in ESL or bridge courses who are writing a research paper for the first time. This book is partly an update of Writing a Research Paper (by Lionel Menasche, 1998) and partly a companion to The ESL Writer's Handbook. Like WRP, teachers can move through the writing process in stages to end up with a thorough and coherent research paper. Like a handbook, the text is less dense, with explanations provided in sections for easy comprehension and practice exercises included.

REVIEW OF BIOLOGY PAPER 2 ESSAY MAY JUNE 2014

- Talk about carpe diem... that's what the Blanchards did: They uprooted themselves from cozy Vermont and settled their new home in their own form of paradise. Their courage is admirable and exciting to read about. The Blanchards are people I'd love to hang out with on a Carribean island. It's

definitely a great book to read in the winter months to keep you warm!

- What a wonderful trip, (and without leaving my living room!) The audio really makes a difference

here. It just transports you from familiar surroundings to a tropical, (almost) paradise. You take this journey with the Blanchards and cheer their success as you would your own. Funny, suspenseful and completely entertaining. Highly recommended. One of my all time favorites.
