So what are you waiting for? Start discovering the world of Dgvcl Dakshin Gujarat Vij Company Limited Facebook PDF downloads today and capitalize on the wealth of details within your reaches.

Download Dgvcl Dakshin Gujarat Vij Company Limited Facebook PDF totally free and improve your learning experience!

REVIEW OF DGVCL DAKSHIN GUJARAT VIJ COMPANY LIMITED FACEBOOK

• Eragon was a very enjoyable book, with its gripping storyline and characters, complexity, and fantastic elements. There were some clichés and character development problems, among other things, that did hamper the book a bit. Does this stop you from enjoying the book? It didn't stop me. I very much enjoyed this book, staying up to the late hours to read it all. In spite of the occasional unoriginality, there are some definitely original concepts that I enjoyed, such as Seithr Oil. Nice tidbits. Overall, less original than I would like, but no more derivative than most fantasy these days. It certainly isn't any worse than the "Sword of Truth" or the "Sword of Shannara." The fantasy cartography and world building was very good, not perfect, but very good. The map of Alagaesia looks real and authentic, and the author does an excellent job of showing the landmarks and describing them as his characters move across the land. The only flaw in the world building was that the Empire was somewhat empty; I wanted to see more major cities, towns, villages, landmarks, etc. As good as it was, it just wasn't enough. The characters were also good. Though most of them are obviously inspired by those from Star Wars or Lord of the Rings, they showed some interesting traits and definitely held my attention. Some characters, however, like Saphira, Eragon, or Arya, were poorly developed and Mary-Suish. Females are generally bitchy, with few other personality traits. Eragon and Arya had way too many achievements heaped upon them. The main character was not the best hero the author could have chosen. The least he could have done was give several other characters the opportunity to show the audience the world through their eyes. Eragon was not a particularly enjoyable character, and he had way too much of the book to himself. There are also some character development issues for me. What was most annoying was how quickly Saphira--who is less than a year old--becomes "wise" and starts giving Eragon advise. (She should have been young and naive!) Also, the main character learns to read and fight with swords far too quickly. I remember learning to read myself, during a more appropriate age for learning, and I sure as heck didn't learn to in a week! And there is no friggin' way anyone, no matter their innate talent, can become a master of the blade in four months. The storyline was what really held my attention. The action--though it takes place from only one POV--was intense and addicting. I could read this material for hours without getting tired of it, and the depth and complexity of the world seemed to highlight this. One of the best parts about the plot is that it is a very human story: There is no Dark Lord trying to take over the world or destroy it, like in, say, Sword of Truth. The storyline basically boils down to a dispute over who should rule the Empire, a war between different races and species, and a rebellion against an Empire, which are all things that happen in real life. Though the author's detractors will be happy to tell you that the villain is just a bad guy who's evil just because he has to be, I actually found myself sympathizing with the main villain more so than the hero, despite that he doesn't appear in the actual story. However, there were definitely things I would change if I were the author. The main hero is way too important. It would have been nice if some of the incredible feats he does, such as saving Arya and slaying Durza, had been transferred to another character, like say, Murtagh, who was much more mature and realistic than Eragon. On the whole, Eragon is a very good book that I highly recommend. However, it is held back by a weak protagonist and some mistakes in the plot. If you really hate traditional fantasy with farm-boys turned heroes and wise old mentors, you may want to read something else. Otherwise, it's hard to go wrong with the Inheritance Cycle.

- It is a great beginning for a fantastically young author. He has opened his own new world from which to develop sagas and epics for years to come. It should be interesting to watch this young man develop as an author. It's nice to see quite a bit of originality as well.
