the parentage of their weaving artportrait weaving masterpieceautomotive fabricspassport to elegancetapestrythe development of power loomsand even more! contains many photosthis is an extraordinary book!

- It's hard to overdo the superlatives when reviewing Kurt Vonnegut, so when describing the classic "Mother Night," "unparalleled" comes pretty easily. This is an extraordinary novel that will smack you like a two-by-four between the eyes on many levels. There's man's inhumanity to man in the unthinkable atrocities of Hitler's Germany, told unvarnished yet without the more typically requisite hand-wringing. And then there's the deeply emotional love story told, I thought, with a passion uncommon in Vonnegut's scalpel-edged cynicism and black humor. But most extraordinary in this masterpiece is the dissection of moral dilemma, told from the viewpoint of protagonist Howard W. Campbell. Campbell was born in America but lived in Germany since childhood, rising to become Nazi propaganda minister Joseph Goebbels' chief radio voice of The Third Reich - an American spewing hate for America and for Jews while heaping praise upon his jack-booted Nazi masters. A man justifiably despised by Israel and the west as a traitor and monster, except for one cruel Vonnegutian twist: Campbell is a deep - very deep - undercover agent for the US, who throughout the war infused his hate-speech with coded messages greatly aiding the war effort of the ally forces. Campbell tells his story in 1961 while in an Israeli prison cell awaiting trial as a Nazi war criminal. From his days in Germany treading a dangerous path between the fascists and the shadowy spy master who pulls his strings to a cloistered secret life in New York City following the war, Vonnegut spins a tale that is wholly immersive - a haunting story of a man who has played both on poles for so long that his morale compass can no longer distinguish north from south. And if Campbell's life and head wasn't already muddled enough, Vonnegut delivers one final mean twist via the Soviet Union that is as ironic as it is unexpected. A few years back, the talented Martin Cruz Smith wrote a scorching soul-searcher, "December 6" of an American ex-pat in Tokyo immediately prior to Japan's attack on Pearl Harbor. Looking back, and taking nothing away from Smith's extraordinary effort, it seems clear that "Mother Night" influenced and inspired Smith in crafting his own treatise of the kind of moral vs. patriotic conflict that war can produce. "Mother Night" is that kind of book - one that you'll remember, one that will haunt you - one of those rare books you'll want to keep handy to refer back to from time to time. A milepost of American fiction from a 20th Century master - a classic that is long overdue in replacing Charles Dickens or Willa Cather in the fiction our kids are fed in high school English classes.
