## REVIEW OF CHAPTER 3 EMPIRE AND AFTER NASA

- If people get rewarded for bad behavior, and punished for good behavior, very soon they will practice bad behavior and think it is ok because everyone else is doing it. The author shows readers how securities brokers are paid and how this affects their advice to their clients. Brokers get paid commission, and they want their clients to sell the securities that they already own and buy ones they do not own. The higher the turnover, the more money brokers make. As Warren Buffett once said, brokers make money on activity and investors make money on inactivity. The author

started a career as a broker, became an executive of a brokerage firm, and was appointed to be a SEC chairman. It is really fascinating to read about how Wall Street works from the eyes of a person who has been on both sides of the fence. I highly recommend this book to any investor.- Mariusz Skonieczny, author of *Why Are We So Clueless about the Stock Market?* Learn how to invest your money, how to pick stocks, and how to make money in the stock market

- LM Montgomery had a great ability to write stories that made us laugh, cry, and tug at our heart strings. Both *Anne of Green Gables* and *Anne of Avonlea* are books i bought, and will give to my children to read when they are old enough to appreciate them.I never read them as a child. I wasn't even introduced to them until I was planning a vacation to Prince Edward Island three years ago, and I read the first book. I also watched the movies which were both such wonderful adaptations.*Anne of Avonlea* picks up where the first one left off. Anne, who I think is

the best female fictional character I've ever had the priviledge to read of, is now a teacher. She is growing up, but she still has her adventures with Diana, and her other friends. There are a few new characters are introduced, and although you don't instantly fall in love with them like Ann, they grow you. All but Davey, this character was just so annoying. THis boy was just a bad apple. I'm sure LM had good intentions, but I was utterly annoyed and it brought my feeling of the book down a bit. IF you loved the first book, you will probably enjoy this as well. There is a long series of books by LM. I am currently on break from reading her. She was a great writer, able to bring a great deal of sense of humor in her storytelling, and she is very descriptive. She really brings the characters so true to life, especially Anne. I do recommend this despite my problem w/ davey. Anne will always remain forever in my heart as a true heroine of classic literature. One of the best character to ever be put on paper..as she is kind, funny, good spirited, and what an imagination!
