REVIEW OF DIFFERENTIAL EQUATIONS WITH BOUNDARY VALUE PROBLEMS 2 2ND EDITION

- What I have to say is complex, yet simple. I was a bedwetter who had tried everything, my parents tried the best they could to help. I wet the bed until I was sixteen years old. I was unable to do sleepovers like other children. At sixteen

and deeply emotionally scarred I stopped wetting and was still hurting from the years of embarrassment. At the age of 20 I was volunteering in a library and shelved this book. I read it at that time and I was somehow healed of my wounds. I have searched for it since in every book store and now I have found it, thank God for Amazon.com. I cannot wait for the opportunity to share this treasure with my children.

- Not only does Mr. Dunn write from a professional side but he also includes his personal journey. It is a very helpful and informative book.
