REVIEW OF BASIC COMPLEX

ANALYSIS MARSDEN SOLUTIONS MANUAL

• i read this book as a child that hated reading with a passion. but after i read eragon i was instantly hooked on reading and now i read 8 big chapter books a month. eragon was also the book that made me realize how amazing reading could be. eragon was the best book i have ever read and even though i have read it 5 times i am looking forwards to

reading it for the 6 time.

- I got this book on audio CD from the library to listen to during the summer at my manufacturing job. I picked it up while I was waiting impatiently for my Harry Potter book. This is an amazing story! Some parts are kind of scary, but it was a very touching story of the love between a human and an animal (even though it was imaginary). I would highly recommend this book to anyone!!
