REVIEW OF VA DESIGN GUIDELINES

- I'm not going to be too hard on this book, because I knew what I was getting into. I took the plunge based on my experience with Suzanne's Letters to Nicholas. This book did not bring forth the same reaction from me. I cried and was moved for days based on the before mentioned book. This novel didn't bring

me to that place. I appreciated the story but felt it predictable. To be fair, I read Suzanne's at a different time in my life, and perhaps I was more emotional and less jaded toward predictable storylines. In any event, if you were going to select one book to read between Sam's or Suzanne's, I certainly suggest Suzanne's.

- Sam's Letters to Jennifer was written very beautifully with a special touch of love, faith and destiny. It is two great loves intertwined in each other, that make this even more passionate. The novel is very touching, and it made me laugh, weep and smile throughout the great works of James Patterson's imagination. Love the book, and will read it again!!!
