REVIEW OF SAS DOCUMENTATION 91

- The story of Ethan Frome is a wonderful story that pretty much everyone can relate to. A love for something, or in this case, someone, which cannot be proclaimed due to responsibilities that society has outlined. This book delves deep into the meaning of these two ideas, Passion vs. Responsibility and actually makes you rethink both of them. When I first picked up this book, I figured it would just be a quick easy read. This was true for the most part in that it was a quick and easy read, but the way Edith Wharton has been able to take everyday simple elements and turn them into something

so much more was simply extraordinary. I soon found myself not being able to put the book down until I had finished the entire thing and I was very pleased with the roller coaster of emotions this book presented me with. Once you start reading, you actually feel as if you have taken the place of Ethan Frome and are always just waiting to see what will happen next. I recommend this book to anyone who is looking for a nice easy read or for anyone interested in symbolism because there is plenty of it. Ethan Frome is simply put... a fantastic story and a must read!

- Plowing through this novel was as arduous and monotonous as the long snowy carriage rides from Ethan's homestead to the town of Starkfield. Did I just complete a grueling meditation retreat? It was mercifully short, though, not even 140 pages, and it does offer glimmers of intellectual satisfaction amidst the text's long zazen session. Most of the character descriptions pop off the page with vividness. Mattie's way of "throwing her head back when she was amused, as if to taste her laugh before she let it out" was pure literary gold, and the various ponderous descriptions of Ethan's countenance, that he had a "moral isolation too remote for casual access" and could feel "huge cloudy meanings behind the daily face of things" served as charitable descriptions of a man with Job-like tragedy in his life. Overall, if you are budgeting just one Edith Wharton novel for your reading list, I wouldn't choose Ethan Frome.
