REVIEW OF GRINDING IT OUT THE MAKING OF MCDONALDS RAY KROC

- Very heart breaking story. However, awesome book. This paved the way for me into real life kind of stories. Originally I liked young readers book but this was an easy transition.
- I don't care if you are an expert, you think you are an expert, or if you are a concerned citizen of ANY political persuasion. This gives you the inside scoop on the second amendment and goes all the way through firearms basics and some more detailed information on what to do in dangerous situations. That it does so in a conversational manner makes it much easier to absorb the material. It is a good refresher that you can turn to in order to answer many questions about firearms, and some questions you may not even have thought to ask! Read it!!! NOW!
