REVIEW OF ATOMIC AWAKENING A NEW LOOK AT THE HISTORY AND FUTURE OF NUCLEAR POWER

- Curtis was a preacher but was knee deep in scandal. With a wife that he abused, video tapes that he tried to keep hidden, affairs and of course the baby

with the young grl, I don't know when he had time to preach. This was one preacher that had you wonder what would be his next "ungodly" move. Very good read. Keeps you wanting more.

- I'm reading this book for my Great Books class at university and it is one of the hardest reads for most of the class. I have a lot of difficulty getting into the story and find myself skipping huge parts of it and just using sparknotes to see if I missed anything.
