Keep in mind, reviewing evaluations can help you make notified decisions about what to read following and can subject you to new writers and styles you could not have actually considered before.

## **REVIEW OF INBOUND MARKETING FOR DUMMIES BY SCOTT ANDERSON MILLER**

- This mystery novel's dramatic tension stems from the fact that the reader is never quite sure if the eponymous

character is a scheming villain or simply an emotionally fragile woman who follows her impulses. Du Maurier's portrait of Rachel is richly drawn, and the romance that develops between Rachel and her younger cousin Philip, the story's narrator, is complex and convincing. Twenty-four-year-old Philip has good reason to believe that Cousin Rachel, whom he is meeting for the first time, is not the person she is purporting to be. However, she is a beautiful woman (although he doesn't realize it at first) and he is not insensible to her charms. He ends up falling head-over-heels in love with her despite his misgivings. He then alternates between:

- a) suspecting his cousin of terrible crimes, including the murder of Philip's cousin, Ambrose, Rachel's former

husband and the man who had been a father figure to Philip; and b) devising explanations for her behavior that would exonerate her from blame. In a similar fashion, the reader vacillates back and forth, one minute thinking, "She's trouble! Run while you can, Philip!", the next minute sympathizing with Rachel and thinking, "I'm sure she means well." Du Maurier demonstrates great skill as a writer in maintaining this sense of uncertainty throughout the novel. The ending is surprising. Most of the action

takes place on a sprawling estate along the coast of Cornwall, and although Du Maurier never actually specifies a time period the novel appears to be set in the late 19th century. "My Cousin Rachel" was published in 1951, but is written in a slow moving, character-driven Victorian Gothic style that heightens the sense of mystery, unease, romance, and excitement.

- I used this book in CS 242. It was a great class; and this is one of my favorite books ever!
