REVIEW OF DIYODE MAGAZINE

- Though some of the other reviewers claimed that this book is sick, I must disagree. The book is social commentary. The boys, stranded on an island, develop a society not unlike the global society. In the end, when they are picked

up by a warship, the ship is doing exactly as the boys were on the island. This tragic novel, is great in demonstrating the "tyranny of the majority". With its 3-dimensional characters, it is a book that I would recommend to anyone, young and old. But please, when reading it look at it on many different levels, don't just take the entire story literally.

- 'Lord of the Flies' was written to show that no matter how civilized the human race thinks it is, it is all an illusion created for our own safety. We are all animals in soul, if not in mind. I was drawn into the book, I thought of the characters as real people, with real problems, and real personalities. I feared for the characters lives,

for Golding's one-in-a-million writing style brought the story to life. 'Lord of the Flies' had to be one of the most believable books I've ever read. With an exciting, realistic plot; well-thought out characters; excellent imagery; and superb symbolism. I recommend this book to anyone who wishes to see the hidden side of the human spirit.
