**REVIEW OF THE
CLIFTON
STRENGTHSFIN
DER TECHNICAL
STRENGTHS
HOMEPAGE**

• Of Mice and Men is definitely the best short novel i've ever read, and it is probably my second favorite book (Dostoevsky's

Brothers Karamazov is first.) Steinbeck's portrayal of the offbeat friendship of George and Lennie is deeply moving and engaging. This book is a must-read!

- Of Mice and Men is a story about two travelers that are trying to make their dream come true. The main characters in this book are, George Milton and Lennie Small. Both are the run because of an incident that happened in the town Weed. George and Lennie travel to get work so they can one day save up enough money to buy a piece of land and reach their goal. One thing that Lennie likes to do in this book is to pet soft things. He likes soft animals especially rabbits. Lennie is mentally retarded so

he doesn't really know what is right and wrong. Lennie gets himself into lots of trouble throughout this book. My favorite character in this book is George Milton because he gets Lennie out of trouble. George helps Lennie all the way through their adventure and that is a true friend by your side. I could relate to George because when it comes to a good friend like he is with Lennie I'm there for my friends. George helps Lennie a lot through this book by sticking up for him and keeping him out of trouble. I have always saved my friends when they were trouble just like George does with Lennie. I help my friends when they need it the most. George helps Lennie when he gets in trouble

in the town of Weed. I am just like George in a way because of how good of a friend he is to Lennie and how I am the same with my friends. This is a great book, but it is sad near the end. You can foresee a lot of things while reading this novel. My favorite part in the book was when Lennie is getting punched in the face by Curly; George then tells Lennie to fight back. Lennie then grabs Curly's hand with one fist and crushes it. The part that I least liked in the book was when Carlson shot Candy's dog to put it out of it's misery because Carlson said

the dog smelled. Carlson had no right to shoot Candy's dog even if he did wanted to put it out of it's misery. I would change the part where Lennie got involved with Curly's wife. This is when things leads to trouble. I would recommend this book to others because it is a great book. This book has everything, drama, action and lots more. I think any type of person would read this novel mostly because of the story, characters and the qualities that it has. Over all this is the best novel that I have read in years and I suggest others should read this book and enjoy.
