REVIEW OF POGIL EQUILIBRIUM ANSWER KEY

- Raymond Chandler - from out of the past comes a master storyteller. His style is remarkable; smooth interaction and dialog, the plots intricate, well designed, reader friendly; but it was the three-dimensional detailing that I enjoyed the most when I finally discovered this out-of-the ordinary mystery writer. This particular grouping of his work by Library of America contains a selection of his short pulp fiction writings. These are splendid, each within a little world of its own, and one marvels at his imagination. For genuine reading entertainment, Chandler is hard to put down once started. "Blackmailers Don't Shoot" - is a misnomer for sure. Everybody in this tale will shoot at anything that moves quickly given half a chance. Four men - three hoods and a "maybe" kind of good guy - are roughed up, betrayed by each other and killed within a short span of time over the foibles of a beautiful actress with more "whim encouraged by ego" than good sense. "Finger man" - testifying before a Grand Jury and helping put away a wise guy can be bad for the health. So can Casinos, mob money, political influence in underworld activities; putting a street-wise detective at risk for taking the rap after receiving skimmed money from a desperate woman working both sides of the fence. One of the most intriguing parts of the action involves using a cat as a most effective weapon of opportunity. "Nevada Gas" - the first casualty of the night belonged to a shady politico who promised to grease the wheels of justice and "get the half-brother of a gangster" out of the hot seat for a respectable fee; the service was bought and paid for,

but wasn't delivered. That usually spells trouble in the world of exchanged favors and crooked politics, especially when playing for keeps with "tough guys". These particular people had their own way of "dealing with a double-dealer" - a back seat with no door handles and a sweet odor of almonds. "Pearls are a Nuisance" - in a vast departure from the others comes this bit of tomfoolery. In fact, you have to get into it awhile to figure out what he is doing; then it dawns on you with a big laugh. Picture Tom and Dick Smothers as private detectives, only Tom has a snootful. Or Leslie Nielsen with a sidekick. It starts off with the "detective" getting a call from his girlfriend who suspects a strand of phony pearls has been heisted from her employer and she thinks she knows who did it. As she outlines the theory to him, she casually mentions that the suspected perp "tried to kiss her." Bristling with testosterone, our man makes his way immediately to the perps address to confront him - not about the pearls so much as about the "tried to kiss" thing. Brandy and Scotch bottles appear as if from nowhere; after a very unusual brawl the two tipsy adversaries become fast friends and determine they can solve the mystery over another bottle of Scotch. It is truly a hoot, and totally unexpected. Forsooth, after reading Chandler's bio, one might suspect he had been hitting another flask of his own as wrote this one. "Goldfish" - in another tale of precious pearls heisted, "goldfish" turned out to be a password of sorts - once that password was delivered, the answers to the next questions better be right and our detective is flying by the seat of his pants in that department; he knows just enough to get himself killed if he doesn't play it right. But the mastermind had outsmarted himself as most of them ultimately tend to do. The theft itself turned out to be the easiest part of the idea; because the merchandise became too hot to handle. A bloodhound-type pursuit ensues with a thrilling ending that was one of a kind. These short stories, mingling with the novels, make for long, lingering evenings of reading enjoyment if you're in the mood for mystery, well done.

- screw the bible, this is better. In his best work, pratchett's humour is second only to his wisdom, and this is so far the best of his work that i have read. i've probably read this book ten times now and i still find things that i'd missed before. this book is funny no doubt, but there is some real hard thought buried between the laughs, and the symbolism is just brilliant. probably my favorite part of the book is the 'sacrifice' scene, at the end - this book takes heroism to whole new heights. and you've got to admire a tale where God learns to be a better person. further, the opening parable of the eagle and the tortoise is, well just read the book already, it could very well help you find god.
