REVIEW OF ENGINEERING CHEMISTRY 2 NOTES

• Well, I read this book initially because it was required in my English class. I really thought I was going to hate it... But, I didn't! I was so surprised. Every book I've ever read in English has been boring, but this one was really good.Bilbo Baggins is a Hobbit (obviously) who likes to stay in his little Hobbit hole and stay to himself. He likes so smoke his pipe, eat, clean, and take naps. His life style does a complete 360 turns when Gandalf arrives and tells Mr. Baggins he will be accompanying the 12 dwarves to go defeat the dragon called Smaug, and take back the land that was

one the dwarves. Bilbo doesn't believe him at first and soon enough he got sucked into the whirlwind adventure. All of the adventures in this book keeps you on your toes, I was like what's going to happen next??? I tried not to "read ahead" or appear too "anxious" to find out what happened so everyone wouldn't think I was a total nerd lol. My favorite adventure that they took was through the Mountain were Bilbo was knocked out and left behind... This part was so creepy, I kept thinking BILBO GET YOUR BUTT OUT OF THERE!!! Overall this story is fun, adventurous, and a great change of pace. I went into this book with really low expectations and came out really enjoying it.I really enjoyed how Bilbo's character grew as the story progressed. He didn't think he was fit to be a Burglar at the beginning and by the end he was confident and an amazing Burglar... I really didn't think he would have had it in him lol. I love all of the characters! There are some that are more "known" than others, but they are all likeable in their own way:)

• The Hobbit was an extremely good novel. It is by far the best novel i've ever read. i started it in grade 8 for a novel study at school and just got so rapped up in reading it that i was finished it in three days! Normally i don't like novel studies but this was an exception. Tolkien wonderfully provides the concrete details and lets you do the rest, he makes you use your imagination to make it seem like you are actually there. Bilbo is by far the best character in the novel. Tolkien is in my mind the best author for adventure books. i give this book 2 thumbs up. It was great.
