REVIEW OF SEMNIFICATIA TITLULUI EXEMPLU DEACOFFEE

- Dear Reader, I have a special interest in this book and one of its authors. Cecil Rost was our son Christopher's therapist. She and this book have helped in making Christopher's life better. He still has a long way to go but using this book has helped us understand how we could and do help him and his sensory difficulties as they relate to food, noise, texture and the world outside the home. Thank you Cecil, You and your book are the BEST
Linda

- The dialectic of Enlightenment is a history of false appearances. For Adorno & Horkheimer, trying to explain the world in its totality is equal to try to dominate it. Totality becomes totalitarianism. The authors present history as a tool of domination. Myth and

reason both hide the deception of trying to make all things equal. By this logic -of identity/identification- everything is not, but must be the same. Knowledge is mythical because it promises a happiness that can never be achieved in knowledge's terms. The central argument of this wonderful book is that myth is already enlightenment because it tries to explain the world and gain utility from it; and enlightenment is already myth for it tries to exclude anything that is different or contradicts Enlightened Reason. As Adorno & Horkheimer put it: "Enlightenment has a mythical horror to myth." Enlightenment obsessively tries to free itself from myth, but in doing so it becomes also mythical. This obsession takes the form of a saturating, technical rationality that ends in the horror of ethnic genocide. This is, as Habermas said, "the black book of Western philosophy."
