REVIEW OF GILLETTE FUSION CASE STUDY SOLUTION

- Wicca: Satan's Little White Lie is the problem with religion today. No need to look too far for the devil, it's right in this book! Overview: Schnoebelen claims to have been initiated into nearly every major sect of Wicca. Oh, and many other religions too. How he found out that every belief, other than what he currently believes, is wrong. He provides reasons as to why these beliefs are wrong and why he is right. Who needs a ghost story or an urban legend when we have a first hand account of what REALLY happens within Wicca? I find it incredibly upsetting that trash like this can actually be published and, even more upsetting, that some are willing to believe it! Why does no one do research anymore? Just gobble up everything that follows your belief pattern and then spend the rest of your life citing such nonsense. I challenge everyone to research this man and Wicca. If you are unwilling to do such things then you are part of the problem. Stop relying on someone, who has been proven to be a fraud, to think for you. Ignorance is not bliss.

- Everything is great and I have no complaints. Thanks for the fast service. Charles Koontz
