REVIEW OF HOLIDAYS AROUND THE WORLD CELEBRATE CHRISTMAS WITH CAROLS PRESENTS AND PEACE

- When you start reading the book you do not understand anything , but then more and more the fictual world is building up in your mind. The main character a boynamed Jonas is a little bit out of the ordinary . So for example he csn see things others can't.He lives in a "preconditioned" world where people are not supposed to do their own decisions . Later he becoms the Receiver of his community . That means he will be after his training the leader of the Elders a committee that leads the community . And last but not least there is a rule for everything even for things like the age when children get their bikes . All in all "The Giver" is a very interesting novel that by the way was awarded with the Newbery Medal and other important prizes . But I think you have to make up your own opinion so buy it , read it , like it .

- THE GIVER is an edge of your seat reader, which will not allow you to put it down. It is a book in which describes the life of a 12 year old boy, who lives in a future community with his family unit. He is assigned a job which is one among the community, and he is trained by the giver.The community in which this excellent book takes place in, has climate control, where it is never hot, and it is never cold. The've never seen rain;the've never seen snow. Read and find out about this good but bad, adventrous story, and like I said;you will never want it to end.
