With this information, you prepare to embark on amazing literary journeys through the easy act of downloading Integrated

Marketing Communications Plan Template. Pleased analysis!

## **REVIEW OF INTEGRATED MARKETING COMMUNICATIONS PLAN TEMPLATE**

- Jane Eyre is the story of an orphan girl and her adventurous journey through life. She starts out in the home of her aunt and three cousins all of whom despise her. She was left there as a young girl with her caring uncle when both of her parents died. Her uncle died shortly later and Jane was left in less than desirable conditions. After a blood-curdling incident her frustrated aunt sends her off to boarding school where, for the most part, she is treated worse than she was in her aunt's home. From there she becomes a governess and takes care of a little girl for a man whom she later falls in love with. This is where the story really gets interesting as several twists and turns take the couple towards an unexpected ending. Charlotte Bronte, the author, has a writing style typical of the romance period. Her vivid descriptions, while being wonderfully picturesque, can at times be lengthy. There are so many images of gardens and mountains and sunsets that the plot often gets lost somewhere along the way. The story can also become frustrating at times. I often longed to yell at the characters and set them in the

right direction as they slowly picked their way through the tangled mess they were enveloped in. Bronte's heart was in the right place with this one. The story is one of a great love and an extraordinary woman. Jane Eyre is a one in a million kind of girl whose life story is definitely one worth telling. However, it is one that could have been told much more simply. There are parts of the novel that don't seem to have any real purpose other than to fill pages. They don't give away anything as to how she is going to end up. It merely confuses and frustrates the reader into utter boredom. So while the story and writing are both tasteful, Jane Eyre can only be taken in small doses.

- I truly cannot understand why anyone would be awed by Jane Eyre. Charlotte Bronte has trouble explaining the setting of the scenes, for one. Normally, the average reader can comprehend what the setting is like just by reading a few well-written lines. But Bronte bores the reader by over-explaining the setting, as if we needed to know every single detail. Unfortunately, it is this lengthy prose that makes the story itself hard to read. Secondly, the characters are bland, which makes the difficulty even greater. Maybe with livelier characters this novel would be easier to read. Unfortunately, this novel is required reading in certain parts of the nation. This bland, boring novel is not the way to spark reading with young adults.
