## REVIEW OF EL VIEJO Y EL MAR

- I'm horrible at writing reviews, but apparently there aren't any of which I could find for this title, please bare with me on the review... If you are familiar with books from this era, they are usually published in segments and later put into one full book, (such is this case). Details on the four sections of this book are as follows:Book 1 & 2: Story of a man named Paul Flemming, who lost a loved one and is on a journey through Germany. This is almost entirely thoughts on philosophy discussed between himself, his good friend Baron (who departs at the end of the second book), people he meets, people telling stories and sharing opinions, most of which is naming and contemplating the works of other famous writers, poets, artists, musicians, songs and so on, and reflecting their own sentiments of the works.Book 3: Much of the previous, now in Switzerland, but with an introduction to a good friend Mr Berkley and Mary, who shares similar interests and he quickly comes to love. But in telling a story, he embarrasses himself and decides to leave with his friend, Berkley, to continue his travels.Book 4: Now with a more negative outlook, Flemming travels with his friend when a storm follows and Paul falls ill. After a few weeks, he begins to feel

better, and Mr Berkley reads to him. Soon fit to move on, the story continues. Paul is more on the subject of life and death, and with, (at least to me,) an unhealthy interest in graveyards. I guess he's in a transitional period. He meets more people and is inspired by their stories. At the end, he hears the voice of his Mary in the next room and dreams of her. But instead of seeing her, he leaves to continue his travels. Mostly theory and observation, but not enough practice. Given his circumstances, I'd imagine he'd be going through changes. Some interesting introspection and thoughts on life; though, if you're looking for a story with a definite feeling of beginning, middle and end, this is more of a philosopher's book told through the heart of a young man in the midst of a deep existential crisis. PS. I'm under the assumption, also, that Longfellow chose the name Hyperion from the uncompleted epic poem of John Keats (as Longfellow seems to be a fan), since the poem talks about despair of the Titans and their fall to the Olympians. Keats temporarily gave up because it felt too Milton-esk (which Longfellow seems to also be a fan) and from tending to his brother who succumbed to death from TB in 1819. Later Keats attempted continuing the poem (The Fall of Hyperion: A Dream): "framing it with a personal quest to find truth and understanding"..... Of course, for all I know, Longfellow mentioned this in the Introduction, which I did not read...Ah, as for aesthetics, this is a lovely little edition.

- Sights Unseen is the story of a woman with manic depression and her battle back to health, told from the viewpoint of her loving, but baffled young daughter. Because it is told from the perspective of a young child, we are limited in what manic

depression feels like, although there are a few succinct descriptions. Where it errs is after the mother is well, and her continuing wellness is presented as a "choice." Even with medication and therapy, people with mental illness can relapse, and to present it as such an easy and permanent victory does those who suffer from mental illness a disservice. Manic depression is simply not something one can "decide" to recover from and stay well.
