**LAST THOUGHTS**

On the whole, we believe that Great Battlefields Of The World is worth a read,

regardless of some small flaws. The special narration design, relatable personalities, and plot spins make it a worthwhile addition to your bookshelf. So, if you're seeking a captivating read, Great Battlefields Of The World is absolutely worth taking into consideration.

## **REVIEW OF GREAT BATTLEFIELDS OF THE WORLD**

- When this book begins, it seems to be a simple, realistic view of two farmhands during the early part of the century. However, it is soon evident that through these people and thier lives so unlike ours, something about the human character, and even ourselves, is

revealed. Even though he kills the girl, I feel that there is something about Lenny that makes you feel for him and want to shelter him from anyone who means harm. I enjoyed this book immensely, but I warn you--after reading this book, you will feel sad and depressed. Even now, I feel terrible for Lenny, the fictitious character that I've never met.

- I've always made a big deal about how much I do not like Steinbeck or Hemingway, but after reading a couple of both of theirs this year, I have to admit that I LOVE both. As far as Steinbeck, I know that I still despise The Grapes of Wrath, but this is an incredible book. Especially short and easy to read, the writing is simply superb. The characters are well-developed, the dialogue is simple and to the point, and

the descriptions are detailed. This book deserves it's frequent consideration as a classic. And while I still can't imagine ever liking GOW, I can no longer dismiss Steinbeck.
