Routledge Handbook of Human Resource Management in Asia Cengage Learning

Human Resource Management (HRM) is fundamentally shaped by institutional and cultural factors, such as the different political environments and social philosophies of particular countries and regions. By examining the various organizational aspects of business life and systems of people management in Asia, the study of HRM across the continent can, therefore, give us a greater understanding of Asian societies, as well as the contemporary world of work more generally. This handbook provides an up-to-date and intellectually engaging overview of HRM in the Asian context. Distinctive in its comprehensive coverage of traditional as well as emerging topics of HRM, it analyzes important themes, such as the regulatory framework for work and employment, religiosity, family business, and gender. Using a comparative approach, it also effectively highlights the unique

features of each country's attitudes towards HRM. Covering a range of themes and case studies, sections include: • Institutional and cultural contexts, • Labour regulation and industrial relations, • Thematic and functional HRM, • HRM in selected Asian countries, such as China, Japan, Vietnam, India, and Singapore. Written in a highly accessible style, this book will be useful to students and scholars of Human Resource Management, Asian Business, Economics, and Sociology.

Human Resource Management Cengage Learning

Human Resources Management (HRM) has a very important facilitative and strategic role in organisational success. Several financial and non-financial performance measures of an organisation are positively related to its levels of HRM Strategic Integration (HRMSI). This book develops a better understanding of strategic HRM and its impact on organisational performance. HRM Strategic Integration and Organizational Performance proposes a framework for HRMSI that helps formulate and implement the integration of strategic HRM in organisations for enhanced organisational performance. The key features of the book are: " A detailed analysis of strategic integration practices like recruitment and selection, performance management, training and development, rewards and recognitions and employees relations. " A thorough literature review on the relationship between HRM, strategic HRM and performance. " New research data from a huge cross section of the industry and high-end statistical research analysis using structural equation modelling. " A template of step-by-step HRMSI methodology to help future academics and professionals. The book will serve as an ideal reference material for scholars of human resources and business strategy. It will also be an invaluable guide for implementers of strategic HRM and students of management and business.

Human Resource Management Juta and Company Ltd

Human resource management (HRM) is the predominant apparatus for people management across the world. Since its inception, HRM has nevertheless been subjected to critical scrutiny. This work has produced a corpus of literature now referred to as 'Critical HRM'. This book on Critical HRM traces the development of the critical scholarly tradition in people management. It analyzes, organizes and synthesizes the various perspectives, ideas and arguments that constitute this critical tradition. The book identifies the current status and future trends of Critical HRM, and explores its ethico-political role in contemporary organizations, especially in the context of widespread public concern about making business more ethical. Incorporating under-researched and emerging issues of people management, such as the Global South and Critical HRM, with more established themes of Critical HRM, this book introduces Critical HRM's critique of mainstream HRM and its underpinning assumptions. It illustrates how interventions have the potential to transform organizational policies and practices of managing people at work. The book will be of interest to professionals, researchers, and academics focusing on critical issues in people management across the Global South and North.

A South African Perspective Cengage AU

[Employment Relations and Hrm in South Korea](#) McGraw-Hill Ryerson

South Korea is one of the rare countries that has experienced political/industrial democratization and economic development simultaneously in a relatively short period. However, the full story of

democratization and development processes displays two faces - positive and negative aspects to the deployment of labour/human resources. This book explains these seemingly contradictory outcomes of Korean employment relations (ER) and human resource management (HRM) based upon a theoretical framework that incorporates logics of environmental constraints and strategies of actors. During three key periods of the previous century (i.e., pre-1987, 1987 - 1997 and post-1997), the book discusses the paradigm shift in both ER and HRM. This much-needed text contains informative details on Korean ER and HRM of past and present, with theoretical and practical views, and of transformations and continuities. The book provides policy implications that will stimulate constructive debates regarding the mutual-gains? strategies for policy makers, management and employees.

Human Resource Management in Developing Countries SAGE Publications India

Contemporary Issues in Human Resource Management 4th edition presents both global and local perspectives on the issues that human resource management face in the modern workplace.

South African Human Resource Management for the Public Sector Routledge

Focusing on HRM developments in thirteen developing countries across Asia, Africa and the Middle East, this book explores the contextual functions of HR in these countries. In addition, it analyzes the more general issues of HRM in cross-national settings to give readers an understanding of HR that is both comparative and contextual. Covering the policies and practices of China, South Korea, Taiwan, India, Nepal, Pakistan, Iran, Saudi Arabia, Algeria, Nigeria, Ghana, Kenya and South Africa, each chapter follows a framework that draws out all of the unique and diverse configurations of HRM. This important text is an invaluable resource for all HRM practitioners, students and scholars of HRM, international HRM and international business.

Human Resource Management in South Africa Cengage Learning

Since the first edition was published in 1997, HumanResources Management for Public and Nonprofit Organizations hasbecome the go-to reference for public and nonprofit human resourcesprofessionals. Now in its fourth edition, the text has beensignificantly revised and updated to include information thatreflects changes in the field due to the economic crisis, changesin federal employment laws, how shifting demographics affect humanresources management, the increased use of technology in humanresources management practices, how social media has becomeembedded in the workplace, and new approaches to HRM policy andpractice. Written by Joan E. Pynes—a noted expert in publicadministration—this authoritative work shows how strategichuman resources management is essential for managing change in anincreasingly complex environment. The book Includes new material on workplace violence and employeediscipline Reviews updates on the legal environment of HRM Contains suggestions for managing a diverse workforce Offers a wealth of revised tables and exhibits Updates the most recent developments in collective bargainingin the public and nonprofit sectors Outlines the most current approaches to recruitment andselection Presents an overview of recent information on compensation andbenefits Gives an update of the technological advances used forstrategic human resources management Provides examples of HRM policies from other countries The book also includes an enhanced

instructor's guide with examination questions, PowerPoint® slides, experiential exercises, and video vignettes that are coordinated with chapters in the book.

Human Resource Management in South Africa McGraw-Hill Education

This revised edition is a comprehensive, authoritative set of essays. It is more detailed and analytical than the mainstream treatments of HRM. As in previous editions, *Managing Human Resources* analyses HRM, the study of work and employment, using an integrated multi-disciplinary approach. The starting point is a recognition that HRM practice and firm performance are influenced by a variety of institutional arrangements that extend beyond the firm. The consequences of HRM need to incorporate analysis of employees and other stakeholders as well as the implications for organizational performance.

FINAL THOUGHT

Human Resources Management Routledge

Human Resources Management 8e provides an introduction to human resource management for undergraduate students at universities and universities of technology. It considers changes in market conditions and focuses on the current HR climate with in greater business and economic context, both within southern Africa and the international community.

South African Human Resource Management Juta

Book & CD. This fourth edition makes it clear that all who are interested in the sustainability of South Africa -- and Africa -- must put human resource management (HRM) at the very core of the management of organisations generally. The content is aligned to outcomes that are geared towards analytical and critical thinking about the theory and practice of HRM in South Africa. The African context is addressed, and ample information about HRM aspects 'elsewhere in Africa' is provided. This edition breaks away even further from the traditional structure of so many standard HRM textbooks. It challenges a broadening of the 'agenda' and scope of HRM work: HRM is not only about managing employees, but also about managing the work and the people who do the work of and in organisations. This may involve alternative ways of getting the work of organisations done superiorly. This book will help you to apply HRM effectively to achieve its ultimate aim, namely to add value to people, to organisations and to society. This comprehensive book is organised around themes such as: Developing an appreciation for the context of HRM in South Africa; Strategising, designing and planning as preparatory HRM work; Sourcing work talent; Facing the countrys people empowerment challenge; Meeting the reward and care challenge; Handling labour and employee relations challenges; Championing change and transformation; Managing HRM-related information, including HRM and sustainability reporting. Based on most recent theoretical developments, the emphasis is on the practical applications. Samples of relevant documents are included, and an accompanying CD contains a wealth of relevant resources as well as a continuing, integrating case study that serves as a basis for these applications, and individual and group activities. As a package, South African Human Resource Management will be extremely valuable to both current and aspirant managers, and human resource practitioners.

REVIEW OF HUMAN RESOURCE MANAGEMENT IN SOUTH AFRICA 4TH EDITION

- The handful of other reviews here are not very substantial. I'm not an oral storyteller; I'm a writer looking for help with pitching stories. So my perspective on this book differs from other reviewers. First, the positives. Ms. Sawyer is a passionate and eloquent advocate of oral storytelling as an art form unto itself. She draws on a lifetime of experience and travel to argue that the art is worthy of an approach by practitioners that is reverent, rigorous, and passionate. She advocates that storytellers study subjects like music, voice, folklore and culture to deepen their art. There is also a fine selection of folk-tales that comprises the entire second half of the book. All of this is very good--but in my opinion amounts to little more than a pep-talk for librarians who want to tell stories to children. As proof of this I would cite that when Ms. Sawyer revised the book in the Sixties she only added two chapters, one on children's literature and another on adding poetry (for children) to the story hour. Telling stories to children is a fine ambition--it's just not one this reader shares. However, there is plenty in the book that can be applied to other storytelling venues. But, as the author herself admits in the introduction, she has not written a practical manual on storytelling. So if, like me, you are looking for practical tips on ways to improve your storytelling (and not just deepen your appreciation for what storytelling can be) then you can safely skip this book.

- This book is the ultimate guide for anyone who would like to enter the stand-up comedy field. For those already working in comedy, it will be inspirational. The interviews with people like Drew Carey, Carrot Top, etc., were not only insightful but often hilarious. The author's writing style makes for an easy, fun read. This book is loaded with plenty of serious business guidance as well as tons of belly laughs. Take it from someone who's been out there, this is the book to get.
