## REVIEW OF HOW TO GET 3VZFE ENGINE TDC

- Being-just Being-is the goal here. The music is soothing, cyclical, and supporting. Bussolino brings a skillful voice, affirmative and understanding, to her relaxation exercises picturing a beach and its surroundings. The point is to release all that conditioning that forms our superficial joys and our ephemeral depressions. Hurt and fear are lifted from the body: "Observe the sadness lifting up and evaporating. You are no longer sad." Eyes closed, body relaxed: "Feel relaxed and revitalized...Youe heart is stronger, your lungs regenerated." The music flows in a digital

cadence and is created and produced by Rizwan Ahmad: "These compositions were channeled through my spirit guides. I thank them and thank YOU." For long periods of time, there is nothing but the music to create spiritual waves of floating, guiding us with words past our inhibitions into the free space of creative evocation. Then, there are the brief silences, the white space between words and the

music, that form a background that is Truth. We are That. And this discerning grid of words and music focuses our rational minds so that our souls can Be. Being is the alpha and omega of this remarkable tape of profound empathy, offered with lucid and concrete guidance.

- This book is very poorly written. The ideas do not segue naturally, one into the next, and the treatment is shallow.
