REVIEW OF AQUARIUM BOOK

- I love the book. Some people said that is complicate. But what in the live is not? Is more easy if you read the other book of the author. My first language is not english but I don't think that the vocabulary is too complicate.

- If there is just one book to get, on the fallacies of evolutionism and the non sequitur reasoning that flow from evolutionary assumptions, it would be Refuting Evolution, by Dr. Sarfati! It is the best critic of current evolutionary interpretations available today!
