From the time of its emergence in the United States in 1852, the Young Men's Christian Association excluded blacks from membership in white branches but encouraged them to form their own associations and to join the Christian brotherhood on "separate but equal" terms. Nina Mjagkij's book, the first comprehensive study of African Americans in the YMCA, is a compelling account of hope and success in the face of adversity. African American men, faced with emasculation through lynchings, disenfranchisement, race riots, and Jim Crow laws, hoped that separate YMCAs would provide the opportunity to exercise their manhood and joined in large numbers, particularly members of the educated elite. Although separate black YMCAs were the product of discrimination and segregation, to African Americans they symbolized the power of racial solidarity, representing a "light in the darkness" of racism. By the early twentieth century there existed a network of black-controlled associations that increasingly challenged the YMCA to end segregation. But not until World War II did the organization, in response to growing protest, pass a resolution urging white associations to end Jim Crowism. Using previously untapped sources, Nina Mjagkij traces the YMCA's changing racial policies and practices and examines the evolution of African American associations and their leadership from slavery to desegregation. Here is a vivid and moving portrayal of African Americans struggling to build black-controlled institutions in their search for cultural self-determination. Light in the Darkness uncovers an important aspect of the struggle for racial advancement and makes a significant contribution to our understanding of the African American experience.

#1 NEW YORK TIMES BESTSELLER • A dramatic expansion of a groundbreaking work of journalism, *The 1619 Project: A New Origin Story* offers a profoundly revealing vision of the American past and present. ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post, NPR, Esquire, Marie Claire, Electric Lit, Ms. magazine, Kirkus Reviews, Booklist In late August 1619, a ship arrived in the British colony of Virginia bearing a cargo of twenty to thirty enslaved people from Africa. Their arrival led to the barbaric and unprecedented system of American chattel slavery that would last for the next 250 years. This is sometimes referred to as the country's original sin, but it is more than that: It is the source of so much that still defines the United States. The New York Times Magazine's award-winning "1619 Project" issue reframed our understanding of American history by placing slavery and its continuing legacy at the center of our national narrative. This new book substantially expands on that work, weaving together eighteen essays that explore the legacy of slavery in present-day America with thirty-six poems and works of fiction that illuminate key moments of oppression, struggle, and resistance. The essays show how the inheritance of 1619 reaches into every part of contemporary American society, from politics, music, diet, traffic, and citizenship to capitalism, religion, and our democracy itself. This is a book that speaks directly to our current moment, contextualizing the systems of race and caste within which we operate today. It reveals long-glossed-over truths around our nation's founding and construction—and the way that the legacy of slavery did not end with emancipation, but continues to shape contemporary American life. The Long Afterlife of Nikkei Wartime Incarceration Upstart Books

Japan's lightning march across Asia during World War II was swift and brutal. Nation after nation fell to Japanese soldiers. How were the Japanese able to justify their occupation of so many Asian nations? And how did they find supporters in countries they subdued and exploited? Race War! delves into submerged and forgotten history to reveal how European racism and colonialism were deftly exploited by the Japanese to create allies among formerly colonized people of color. Through interviews and original archival research on five continents, Gerald Horne shows how race played a key—and hitherto ignored—role in each phase of the war. During the conflict, the Japanese turned white racism on its head portraying the war as a defense against white domination in the Pacific. We learn about the reverse racial hierarchy practiced by the Japanese internment camps, in which whites were placed at the bottom of the totem pole, under the supervision of Chinese, Korean, and Indian guards—an embarrassing example of racial payback that was downplayed by the defeated Japanese and the humiliated Europeans and Euro-Americans. Focusing on the microcosmic example of Hong Kong but ranging from colonial India to New Zealand and the shores of the U.S., Gerald Horner radically retells the story of the war. From racist U.S. propaganda to Black Nationalist open support of Imperial Japan, information about the effect of race on U.S. and British policy is revealed for the first time. This revisionist account of the war draws connections between General Tojo, Malaysian freedom fighters, and Elijah Muhammed of the Nation of Islam and shows how white racism encouraged and enabled Japanese imperialism. In sum, Horne demonstrates that the retreat of white supremacy was not only driven by the impact of the Cold War and the energized militancy of Africans and African-Americans but by the impact of the Pacific War as well, as a chastened U.S. and U.K. moved vigorously after this conflict to remove the conditions that made Japan's success possible.

In this groundbreaking collection, editors Daina Ramey Berry and Leslie M. Harris place sexuality at the center of slavery studies in the Americas (the United States, the Caribbean, and South America). While scholars have marginalized or simply overlooked the importance of sexual practices in most mainstream studies of slavery, Berry and Harris argue here that sexual intimacy constituted a core terrain of struggle between slaveholders and the enslaved. These essays explore consensual sexual intimacy and expression within slave communities, as well as sexual relationships across lines of race, status, and power. Contributors explore sexuality as a tool of control, exploitation, and repression and as an expression of autonomy, resistance, and defiance.

1995/1996 University of Georgia Press

The Long Afterlife of Nikkei Wartime Incarceration reexamines the history of imprisonment of U.S. and Canadian citizens of Japanese descent during World War II. Karen M. Inouye explores how historical events can linger in individual and collective memory and then crystallize in powerful moments of political engagement. Drawing on interviews and untapped archival materials—regarding politicians Norman Mineta and Warren Furutani, sociologist Tamotsu Shibutani, and Canadian activists Art Miki and Mary Kitagawa, among others—Inouye considers the experiences of former wartime prisoners and their on-going involvement in large-scale educational and legislative efforts. While many consider wartime imprisonment an isolated historical moment, Inouye shows how imprisonment and the suspension of rights have continued to impact political discourse and public policies in both the United States and Canada long after their supposed political and legal reversal. In particular, she attends to how activist groups can use the persistence of memory to engage empathetically with people across often profound cultural and political divides. This book addresses the mechanisms by which injustice can transform both its victims and its perpetrators, detailing the dangers of suspending rights during times of crisis as well as the opportunities for more empathetic agency.

The Cambridge Companion to African American Women's Literature covers a period dating back to the eighteenth century. These specially commissioned essays highlight the artistry, complexity and diversity of a literary tradition that ranges from Lucy Terry to Toni Morrison. A wide range of topics are addressed, from the Harlem Renaissance to the Black Arts Movement, and from the performing arts to popular fiction. Together, the essays provide an invaluable guide to a rich, complex tradition of women writers in conversation with each other as they critique American society and influence American letters. Accessible and vibrant, with the needs of undergraduate students in mind, this Companion will be of great interest to anybody who wishes to gain a deeper understanding of this important and vital area of American literature.

Sexuality and Slavery Arthur a Levine

José Carlos Mariátegui is one of Latin America's most profound but overlooked thinkers. A self-taught journalist, social scientist, and activist from Peru, he was the first to emphasize that those fighting for the revolutionary transformation of society must adapt classical Marxist theory to the particular conditions of Latin America. He also stressed that indigenous peoples must take an active, if not leading, role in any revolutionary struggle. Today Latin America is the scene of great social upheaval. More progressive governments are in power than ever before, and grassroots movements of indigenous peoples, workers, and peasants are increasingly shaping the political landscape. The time is perfect for a rediscovery of Mariátegui, who is considered an intellectual precursor of today's struggles in Latin America but virtually unknown in the English-speaking world. This volume collects his essential writings, including many that have never been translated and some that have never been published. The scope of this collection, masterful translation, and thoughtful commentary make it an essential book for scholars of Latin America and all of those fighting for a new world, waiting to be born.

Black Studies Cambridge University Press

This report of the President's Commission on Law Enforcement and Administration of Justice -- established by President Lyndon Johnson on July 23, 1965 -- addresses the causes of crime and delinquency and recommends how to prevent crime and delinquency and improve law enforcement and the administration of criminal justice. In developing its findings and recommendations, the Commission held three national conferences, conducted five national surveys, held hundreds of meetings, and interviewed tens of thousands of individuals. Separate chapters of this report discuss crime in America, juvenile delinquency, the police, the courts, corrections, organized crime, narcotics and drug abuse, drunkenness offenses, gun control, science and technology, and research as an instrument for reform. Significant data were generated by the Commission's National Survey of Criminal Victims, the first of its kind conducted on such a scope. The survey found that not only do Americans experience far more crime than they report to the police, but they talk about crime and the reports of crime engender such fear among citizens that the basic quality of life of many Americans has eroded. The core conclusion of the Commission, however, is that a significant reduction in crime can be achieved if the Commission's recommendations (some 200) are implemented. The recommendations call for a cooperative attack on crime by the Federal Government, the States, the counties, the cities, civic organizations, religious institutions, business groups, and individual citizens. They propose basic changes in the operations of police, schools, prosecutors, employment agencies, defenders, social workers, prisons, housing authorities, and probation and parole officers.

The Entrepreneurs of Pornography in the Cyber Age University of California Press

In Uplift Cinema, Allyson Nadia Field recovers the significant yet forgotten legacy of African American filmmaking in the 1910s. Like the racial uplift project, this cinema emphasized economic self-sufficiency, education, and respectability as the keys to African American progress. Field discusses films made at the Tuskegee and Hampton Institutes to promote education, as well as the controversial *The New Era*, which was an antiracist response to D. W. Griffith's *The Birth of a Nation*. She also shows how Black filmmakers in New York and Chicago engaged with uplift through the promotion of Black modernity. Uplift cinema developed not just as a response to onscreen racism, but constituted an original engagement with the new medium that has had a deep and lasting significance for African American cinema. Although none of these films survived, Field's examination of archival film ephemera presents a method for studying lost films that opens up new frontiers for exploring early film culture.

Uplift Cinema PublicAffairs

The winners of the Nobel Prize show how economics, when done right, can help us solve the thorniest social and political problems of our day. Figuring out how to deal with today's critical economic problems is perhaps the great challenge of our time. Much greater than space travel or perhaps even the next revolutionary medical breakthrough, what is at stake is the whole idea of the good life as we have known it. Immigration and inequality, globalization and technological disruption, slowing growth and accelerating climate change--these are sources of great anxiety across the world, from New Delhi and Dakar to Paris and Washington, DC. The resources to address

these challenges are there--what we lack are ideas that will help us jump the wall of disagreement and distrust that divides us. If we succeed, history will remember our era with gratitude; if we fail, the potential losses are incalculable. In this revolutionary book, renowned MIT economists Abhijit V. Banerjee and Esther Dufo take on this challenge, building on cutting-edge research in economics explained with lucidity and grace. Original, provocative, and urgent, *Good Economics for Hard Times* makes a persuasive case for an intelligent interventionism and a society built on compassion and respect. It is an extraordinary achievement, one that shines a light to help us appreciate and understand our precariously balanced world.

Reworking Race Springer

The debate over restricting the number of Mexican immigrants to the United States began early in the twentieth century, a time when U.S.-Mexican relations were still tenuous following the Mexican Revolution and when heated conflicts over mineral rights, primarily oil, were raging between the two nations. Though Mexico had economic reasons for curbing emigration, the racist tone of the quota debate taking place in the United States offended Mexicans' national pride and played a large part in obstructing mutual support for immigration restriction between the United States and Mexico. *Risking Immeasurable Harm* explains how the prospect of immigration restriction affects diplomatic relations by analyzing U.S. efforts to place a quota on immigration from Mexico during the late 1920s and early 1930s. The controversial quota raised important questions about how domestic immigration policy debates had international consequences, primarily how the racist justifications for immigration restriction threatened to undermine U.S. relations with Mexico. Benjamin C. Montoya follows the quota debate from its origin in 1924, spurred by the passage of the Immigration Act, to its conclusion in 1932. He examines congressional policy debate and the U.S. State Department's steady opposition to the quota scheme. Despite the concerns of American diplomats, in 1930 the Senate passed the Harris Bill, which singled out Mexico among all other Latin American nations for immigration restriction. The lingering effects of the quota debates continued to strain diplomatic relations between the United States and Mexico beyond the Great Depression. Relevant to current debates about immigration and the role of restrictions in inter-American diplomacy, *Risking Immeasurable Harm* demonstrates the correlation of immigration restriction and diplomacy, the ways racism can affect diplomatic relations, and how domestic immigration policy can have international consequences.

REVIEW OF ILLUSTRATED INTERRACIAL ARCHIVES PAGE 2 OF 3 PORN COMIX

- The book i felt took awhile to took off and perhaps was a bit over simplified at times. Taken as it from the Television series on the same subject i thought there was too much given too quoted recollections from the various parties involved. Nonetheless for any student of the Troubles I would definitely recommend this book and particularly the second half.

- I felt suicidal and completely lost before my friend gave me this book. Conversations with the Spirit World saved my life! I know that sounds like a huge thing for a book to accomplish, but when you read it, you'll understand what I mean. This is more than just a book to me, it is a symbol of the turning point in my life from wanting to die to desiring to live. Thank you Lysa for allowing these people to speak through you. You are a gift to the human race.
