## REVIEW OF WESTERN CIVILIZATION A BRIEF HISTORY VOLUME II SINCE 1500

- This is one of the best books I have ever read about how to help your child (and yourself as a parent). The author pulls no punches and lays out a foundation of ten solid ways to help your child's development. He talks about different types of children and approaches to use with each one. I liked the expectations of respect and consequences that seem to be lacking in many parenting books written today. I wish I had this book when my children were younger but it's a book you can use from toddlers to teens.

- This book was awesome, I love the way they got back together, the way Jada, didnt' tease him, but never let him go. When your heart belongs to someone else, no one else will do. This is a great book.
