REVIEW OF 4TH GRADE MATH BENCHMARK TEST TEXAS

- I defy anyone to read this book without always being one step ahead. Despite being well written I found it altogether too difficult to relate to the characters, or to get truly engrossed in the plot. Overrated.

- When I was in high school I did anything possible to keep from reading the "classics" even though my Mom loves the Bronte sisters books. On a recommendation from a friend I decided to get the Kindle version and read it. I couldn't put it down and called my Mom and told her she was right, I should have read these in high school. So, now I'm working on reading some classics between reading newer material!! I loved this so much that I ended up buying a soft cover version to add to my library. I would highly recommend this to any of my friends...
